Western Australia's Coral Coast is a special place. This is where the arid landscape of the bush meets the terrific white sand and turquoise blue waters of the Indian Ocean. It is nothing short of spectacular.

On this trip, the crew begins north out of Perth, stopping first at the iconic Pinnacles in Cervantes. Thousands of rocks jutting out of the desert sand are truly a wonder of Mother Nature. Next up is Jurien Bay and snorkelling with sea lions on a charter cruise. The crew then explore the big town of Geraldton and learn some fascinating history at the WA Museum.

Continuing north, we explore the awe-inspiring Kalbarri National Park, its coastal cliffs and river gorges. The trip ends in Shark Bay National Park, a true gem. Dolphins, sharks, a beach made of shells, and discovering the oldest organisms in the world are all included in the package. If you are truly interested in discovering the wonders of Australia, this trip is a must.

In Part II of our WA Journey, we'll pick up from this trip and travel all the way up the North-West Coast to Karratha, so stay tuned!
