

MEMORY MAKER

Pack the family and hit the road in your very own, tailor made caravan – created specifically with your family in mind

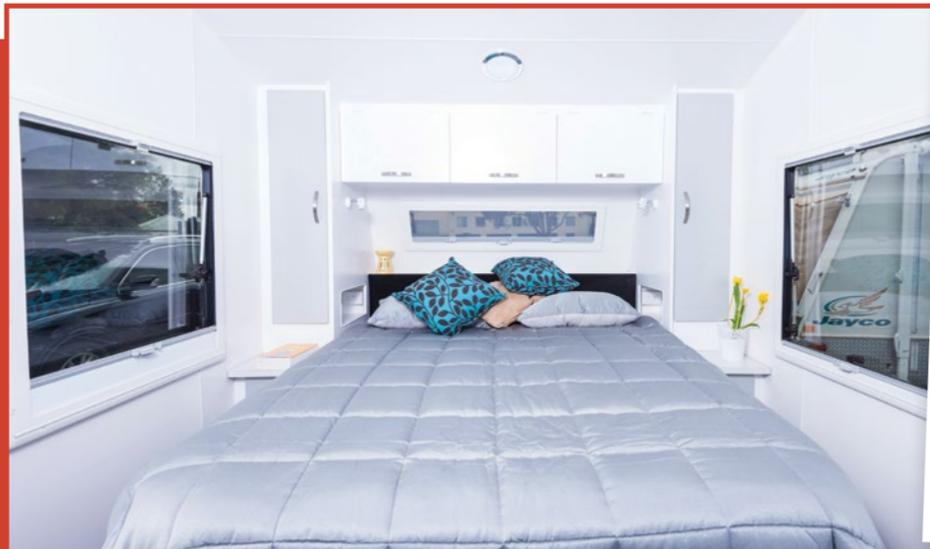

As travelling costs increase, more and more families are taking the plunge and investing in their own family tourers, so they can experience this beautiful country without added flight and hotel costs. Nova have identified this need in the market and created the Family Escape.

A fully loaded tourer, the Family Escape comes with luxurious queen bed, split wardrobes, flush fitting double

bunks, a full ensuite and customisable dining layout. Walking through, you'll note an abundance of overhead and under-bed storage and all flooring is vinyl, so it's simple to keep your home away from home clean and tidy. Of course, the most important part of the Family Escape is the standard inclusion of the DC Power Management Board, which easily controls all your power – ensuring you'll always be comfortable and entertained.

UNIQUE FEATURES

- NOVA EXCLUSIVE DC TO DC POWER MANAGEMENT BOARD
- FLUSH FIT DOUBLE BUNKS
- RV WIFI AS STANDARD INCLUSION
- PRESTON CHASSIS 21'6" – PERFORATED WITH 50MM CHASSIS RAISER
- ASA MOULDED FRONT WITH WHITE SHIELD – NOVA EXCLUSIVE

SOMETHING FOR EVERYONE

Nova have designed the Family Escape with the idea to make family travelling as easy and stress free as possible. That's why they've smartly designed their Family Escape, to make sure you're getting the most out of your adventures on the

road. At one end of the van you'll find the luxurious, innerspring queen bed with under-bed storage and split wardrobes and overhead storage to increase your floor space. There are also two large windows either side, so you can wake up

to whatever beautiful surrounds you've chosen to camp in. Down the opposite end of the van are the kid's bunks – flush fitting against the wall. Each bunk has its own window and an extra wardrobe conveniently located next to the bunks.

POWER IN ONE PACKAGE

What puts the Nova Family Escape ahead of the market is the inclusion as standard of the exclusive Nova DC management board. Designed by the professionals at Nova, the DC management board incorporates all your 12V and battery management needs in one simple package. This 12V and battery management system is stowed away in the front opening boot, meaning it's easy to access, safe, and stays out of sight. Included in this package is the low-voltage cut-out, Projecta battery charger and Projecta DC to DC charger, which incorporates the solar regulator, and you'll also find the fuse board and the brake safe battery module.
