

LONG TERM TRAVEL FOR LESS

Aussie made, packed full of features, five year warranty guarantee, a massive 600kg payload and under \$65k – Sunrise’s Blue Sky Emerald is all this and more!

Is it possible to get an Aussie made van with a whopping 600kg payload, the best appliances and a five year warranty all in an unbreakable build for less than \$65k? It is now, thanks to the Blue Sky Emerald, which was designed by Sunrise Caravans and is exclusive to them. This van is the semi off-roader

designed to give you state of the art features so you can spend \$1000s less, not just on the van, but throughout years of accommodation. For the last 12 years Sunrise Caravans have forged their reputation as the masters of designing caravans that’ll last forever and save you bundles of money. There aren’t many vans with this many features for this kind of price.

UNIQUE FEATURES

- 5 YEAR WARRANTY
- WHOPPING 600KG PAYLOAD
- ELECTRONIC STABILITY CONTROL
- 240W OF SOLAR AND 210AH BATTERIES
- 6 INCH DRAWBAR AND CHASSIS

Sunrise know that their construction quality is top of the range, which is why they've included a fantastic five year warranty guarantee not just on the van but also certain appliances – an inclusion rarely seen in most vans! Pair this with their dedication to providing superb customer service, and you're set to hit the road with confidence.

- SOLAR PANELS:** 2x 120W solar panels

SAVE \$100s IN ACCOMMODATION!

To save you years of accommodation and facility expenses, Sunrise have ensured that the Blue Sky Emerald runs two Fullriver 105 amp AGM batteries and a 40 amp Voltech battery charger, meaning a longer-lasting system from the start. To complete the super powerful setup, they have

included dual 120W solar panels and twin 95L water tanks making you completely self-sufficient while endlessly saving in accommodation. It's almost unbelievable that Sunrise have been able to custom create a van full of such great features whilst still keeping the price so low!

WHY YOU'RE GETTING AMAZING VALUE FOR MONEY

- NEWEST AND BEST TECHNOLOGY SUCH AS ESC AND REVERSING CAMERA
- AUSTRALIAN MADE TO THE HIGHEST QUALITY WITH HIGH GRADE APPLIANCES
- HIGHLY DURABLE SEMI OFF-ROADER BUILT ON A SUPERGAL CHASSIS

One of Sunrise's best inclusions in the Blue Sky Emerald is the Electronic Stability Control safety feature, which is in two places - above the wheels and below. Made and designed in Australia by the innovators and inventors – AL-KO – ESC applies brakes to all the wheels at a computed pressure when it detects dangerous or emergency manoeuvres. This prevents sway, and ensures safety in all towing situations. Once again, Sunrise prove that vanner safety is at the forefront every step of the way.

BUILT TO LAST

Sunrise Caravans know vanners need an ultra-tough RV that's built to last, which is why they've constructed their van using sturdy Meranti timber and reinforced it with full height black chequer plating at the front and 300mm plating to the sides. The Blue Sky Emerald sits on a tough as nails six-inch supergal steel chassis, galvanised outside and in to combat rust from the very beginning. Add in the fifteen-inch alloy wheels and light truck off-road tyres, plus leaf spring suspension for extra roll stability and you've got an unstoppable van that you rarely see for the same low price.

HOW THE EMERALD HELPS YOU FREE CAMP FOR LONGER

- Self-reliant setup with dual 120W solar panels
- 12V / 240 electrical system
- 2 x 105 amp Fullriver AGM batteries plus 40A Voltech charger

RV PROFILE

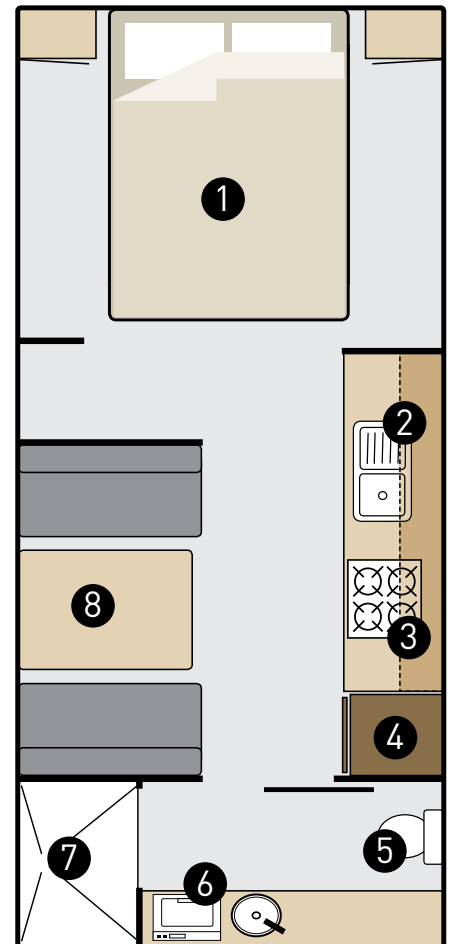

BLUE SKY EMERALD

For a caravan packed with practical appliances and features, Sunrise have still found a way to include a gigantic 600kg payload – an indication of just how much industry expertise they possess. To ensure you get maximum use of this payload, Blue Sky have included ample internal and external storage space to give you the freedom to pack up and get away to your favourite free camp with ease.
